doctor of the day. We have Dale Michels who is from Lincoln and he is also on behalf of the Nebraska Academy of Family Physicians and he is available to you if you need him. Mr. Michels, would you please stand and be welcomed by the Legislature. Thank you for being with us.

One other announcement I might make is I would encourage committee Chairs to please get together as soon as you could to select your Vice Chairs for your committees because then we can start with the stationery process and those kind of things. So I would encourage the committee Chairs to get their committees together to select their Vice Chairs, and if we could do that as soon as we could it would be very, very helpful to the printing up of stationery. I'd appreciate that. We will now stand at ease while more bills are being introduced.
